Digital presence that makes businesses easier to trust.

IRODO designs responsive websites, social-media solutions and custom product, food and menu visuals for growing businesses.

Website Development | Social Media Marketing

Custom Product, Food & Menu Picture Design

COMPANY PROFILE 2026

Services Designed Around Business Goals

IRODO combines design, development and content presentation so customers receive a consistent and professional digital presence.

01	**Website Development** Responsive business websites, redesigns, service pages, galleries, maps, forms, WhatsApp integration, SEO foundations and performance optimisation.
02	**Social Media Marketing** Monthly content strategy, Facebook and Instagram planning, captions, campaign support and reporting. Advertising budgets are separate.
03	**Product, Food & Menu Pictures** Custom professional visuals for restaurants, products, website banners and social-media advertising when original photography is unavailable.
04	**Branding & Supporting Design** Logo design, restaurant menu layouts, promotional posts, content writing and website-ready visual preparation.

Why Businesses Choose IRODO

Responsive-first delivery

Mobile, tablet, laptop and desktop layouts are treated as part of the same project.

Transparent scope and pricing

Packages, add-ons, revisions and delivery expectations are explained before work begins.

Direct customer contact

WhatsApp Business, forms and clear calls-to-action make it easier for visitors to enquire.

Multiple creative services

Website, marketing and custom visuals can be planned through one studio.
